

## From Property to Gastronomy!

Already well known on the Cambridge property scene, Accent Property Management and Chard Robinson Directors Stephen Chard and Neil Robinson added another string to their bow recently with the acquisition of the former Fleur de Lys pub on Humberstone Road.

No strangers to food and drink themselves, Neil and Stephen embarked on an ambitious refurbishment programme

and introduced a brand new kitchen and bistro to the premises. Working with trusted suppliers and contractors, the project was completed in June 2007, with The Fleur Bar & Bistro reopening in style shortly after.

Now offering an extensive menu of imaginative dishes, seven days a week, The Fleur has opened its doors to everyone and is no longer exclusive to any particular audience - all are welcome.

Of the changes, Neil and Stephen said: "as with everything we've done in the past, this has been a great challenge and one

we've thoroughly enjoyed working on. We're now concentrating on moving the business forwards and to establishing The Fleur as a favourite venue in Cambridge for eating and drinking."

And with one free glass of champagne per person ordering a main dish until 30th November, The Fleur seems well worth a visit! In the meantime, why not check out the brand new website - [www.tfdl.co.uk](http://www.tfdl.co.uk)
